

# Chijioke Ezeh

Front End Developer

1 Aborisode street ojo, Lagos Nigeria. (+234)8103214740

[chijioke1ezeh@gmail.com](mailto:chijioke1ezeh@gmail.com) [WhatsApp](#) [LinkedIn](#) [Portfolio](#)

I am a front-end developer focused on creating user-friendly interfaces. I build dynamic web applications with react and I am always eager to further enhance my skills in crafting engaging user experiences.

## Experience

### December 2023

**Front End Developer** | Clive Alliance | USA, Orlando Florida (Remote) [Profile](#)

- > Collaborate closely with technical leadership, product designers, the product managers and the backend team.
- > Ensure that the web projects are consistent with the team's defined software development process.
- > Take part in daily standups and other required team meetings.

### June 2023

**Front End Developer** | Edustipend | USA, California (Remote) [Profile](#)

- > Using React, we are required to build UI components and features that satisfy the design and product requirements.
- > I work and collaborate closely with technical leadership, product designers, the product managers and the backend team.
- > Develop and write unit tests which align with the team's defined software development process.
- > Contribute to the development of the component library system using Storybook.

### September 2022 – January 2023

**Front End Developer Intern** | HNG | Nigeria (Remote) [Profile](#)

- > Maintained understanding of current web technologies and programming practices through continuing education and participation in tasks.
- > Wrote code using specific programming languages and tools.
- > Completed tasks before deadlines and finished as a finalist.

### March 2022 – March 2023

**Front End Developer/Tutor** | Robs Hub | Nigeria (Onsite)

- > Keep the office space up and running.
- > Tutor students when they are available.
